**REPORT AND ORDER
(Proceeding Terminated)**

Adopted: October 16, 2002**Released: October 25, 2002**

By the Assistant Chief, Audio Division:

1. The Audio Division considers herein a multiple docket *Notice of Proposed Rule Making* setting forth five separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each proposal involves adding a community to the FM Table of Allotments. Each petitioner, Maurice Salsa (Junction Texas), Charles Crawford (Arkadelphia, Arkansas and Chino Valley, Arizona), and Jeraldine Anderson (Aspermont and Cotulla, Texas) states that it will file an application for construction permit at each locality and bid at auction if the channel is allotted.

2. This is a multiple docket *Report and Order* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Report and Order*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We discuss the following proposals:
